| 2 | I love the downtown creativity media lab. My boys have made stop motion videos there.   | 8/12/2017 9:09 AM  |
| 3 | I have recorded videos with their equipment and used the video editing software. I have also scanned photos and converted videos to digital formats with their equipment. I've used their GarageBand software also. | 8/5/2017 11:06 AM  |
| 4 | Not yet. I don't get downtown too often.  | 8/1/2017 10:16 AM  |
| 5 | Yes, I have used their lab to scan photos, clean up photos, and to convert videos on tape to digital files.   | 7/30/2017 8:19 AM  |

## Q4 If the library created a dedicated space for digital media production do you believe you would utilize this space?

| NO             | 38.00%    | 19 |

| #  | WHY OR WHY NOT? WHAT EQUIPMENT, INSTRUCTION, AND / OR ASSISTANCE WOULD YOU EXPECT?   | DATE               |
|----|--|--------------------|
| 1  | <a href="https://storycorps.org/participate/host/">https://storycorps.org/participate/host/</a> A dedicated space would make it possible to establish a Storycorps program in Monona. Stories could be played on WVMO and archived at the library.   | 8/18/2017 8:14 AM  |
| 2  | I would have nothing to produce, unless I learned and became interested.   | 8/17/2017 3:55 PM  |
| 3  | It's challenging to keep / maintain all the tools necessary for such a thing-- all the right cables, up-to-date software, particularly to convert media to a more modern format. Instruction isn't necessary for me, although it might be valuable for others.   | 8/17/2017 12:57 PM |
| 4  | I am interested in converting photos and old slides onto DVD/CD  | 8/8/2017 1:39 PM   |
| 5  | Too far from my house.   | 8/8/2017 10:52 AM  |
| 6  | I can't imagine needing it. That said, it's nice to have stuff available for ANYONE, regardless of their personal access to these things. Libraries should be the great social equalizers.   | 8/7/2017 11:23 PM  |
| 7  | I have lots of questions about digital photos. I want to submit photos of art to competitions, but don't understand all the technical requirements for sending in photos.  | 8/7/2017 7:36 AM   |
| 8  | Monona is so much more convenient for me to use! It's so much easier to get to, the parking is so much better (and free!), the library less busy so I would think there would be less wait time to use the equipment, and Monona is a really nice library to come to - very comfortable and easy to use. I would much prefer coming to Monona to use equipment. A video camera for recording, audio equipment for recording sound, software to edit videos and audio, and GarageBand for creating music would be great. Equipment for converting video to digital and then editing it would be really great. I'd also love to use equipment for scanning photos, slides, and documents, retouching them, and assembling them into a book format. Some assistance would be nice, but I would not expect someone to be available at all times. Once I've done something for the first time, I don't really need assistance after that. | 8/5/2017 11:06 AM  |
| 9  | Workshops, or Dan Tech guy 30 min 1x1  | 8/5/2017 7:50 AM   |
| 10 | My kids would be interested, if they had some basic guidance on how to use it.   | 8/4/2017 7:54 AM   |
| 11 | I would love to learn Photoshop or InDesign but I don't know it now, nor do I want to purchase the software if I'm not sure I will use or enjoy it. Paired with classes on these and other programs, I think the library could be a great resource for people like me. I also think it is valuable to give all members of our community (of varying income levels) access to more expensive software. I think especially of middle and high school students who may only have access to these programs at school -- partnering with the schools to see what they teach/use and then having them tell their students they can do homework in the library's digital media production space would be a cool partnership.  | 8/2/2017 10:17 PM  |
| 12 | not clear what it could be used for.   | 8/2/2017 8:20 AM   |
| 13 | I fear that the assistance would not be much, and would be of basic level.   | 8/1/2017 10:03 PM  |
| 14 | Assistance with video editing  | 8/1/2017 3:16 PM   |

| 15 | Doesn't the new radio station have this stuff? I'm confused why the city would have duplicate resources.   | 8/1/2017 1:45 PM   |
| 16 | My home use is limited by ability to learn on my own. If these resources were available at the library, I would want to tap into tutoring / mentoring / learning more.   | 8/1/2017 12:36 PM  |
| 17 | Would love to create storytelling and music CDs. Hopefully there would be a class to learn how to do it with follow up support.  | 8/1/2017 10:16 AM  |
| 18 | Depend on the equipment, software, and room layout of the space. Would there be any connection with WVMO?  | 7/31/2017 5:46 PM  |
| 19 | I would prefer an adult book discussion led by a librarian monthly during daylight hours. Also consider hanging local art. A watercolor class meets it the community. Enter and has displayed paintings at the Penney btanch. Some local flavor would be a nice touch. Kathleen Lightbourn   | 7/31/2017 5:05 PM  |
| 20 | Video editing software   | 7/30/2017 8:59 PM  |
| 21 | I wouldn't, but it would be good for students.   | 7/30/2017 3:15 PM  |
| 22 | I have my own setup and prefer the flexibility of working whenever I want, not having to schedule.   | 7/30/2017 10:22 AM |
| 23 | I would love to have a high quality scanner, an Apple computer with Photoshop, iMovie, and a good application for recording. Equipment to convert old video on tape to digital video. The equipment to record voices or instruments would be great. A class to instruct me on how to use the equipment would be great. I would not expect someone to be available at all times to help me, but a one time instruction would be helpful. The ability to get email or phone help would be nice, but I would not expect an immediate answer. I would be fine with emailing my question and waiting for a reply. | 7/30/2017 8:19 AM  |
| 24 | I own a computer and do my digital work at home  | 7/29/2017 5:26 PM  |
| 25 | I can't put photos on Facebook and my adult kids are too busy to help.   | 7/29/2017 11:40 AM |
| 26 | I would love to have access to a 3-D printer   | 7/29/2017 10:47 AM |
| 27 | Photoshop Concert personal VHS to DVD  | 7/29/2017 9:50 AM  |
